

Mind-Mapping

Choose a thought or idea and put it in the center of the page. As you mind-map the thought or idea, just let the ideas flow. Don't worry about whether they're "feasible" or not. After you've finished, circle the one or two best ideas. Mind-mapping focuses on one thing—idea creation!

A simple, empty rectangular box with a thin black border, positioned in the center of the page. It is intended for the user to place a central thought or idea for mind-mapping.

What's one idea you feel would solve or improve whatever issue you chose to mind-map?
